

HELP US BUILD THE FUTURE

WWW.ACIFOUNDATION.ORG/GIVING 2025

Dear

The **ACI Foundation** is dedicated to shaping the future of the concrete industry. With the support of donors like you, we invest in research, innovation, and student support to advance concrete's sustainable and effective use in a changing world.

Your generosity makes a lasting impact. As we launch the 2025 ACI Foundation Annual Appeal, we invite you to support three key programs: **Veteran Rebate Program, Student Support Program, and Research Program**

Please give to the ACI Foundation so we can continue to make the world a better place now and in the years to come. Together, we are building the future.

Kind Regards,

Ann Masek, Executive Director

Kari Martin, Fundraising Manager

P.S. 100% of mission-directed donations go to the beneficiaries of our programs.

The work, expertise, and dedication of students who were supported by the ACI Foundation uplift communities and make concrete safe and sustainable.
- Maria Juenger, ACI President

Veteran Rebate Program

Ease the financial burden of U. S. Military veterans! Veterans who attain ACI certification in any program can apply for a \$250 rebate. **Every \$5,000 raised enables us to support 20 veterans.** Without additional funding, the program will close at the end of year 2025.

"As veteran myself, this program has been a tremendous resource for veterans coming through our Chapter's Certification Programs and it plays an important role in helping service members transition into the industry. We owe it to them to support their efforts to build skills, earn credentials, and advance their careers."
- Mark Dornak, Certification Chair
ACI Houston Chapter

The opportunity to present my own research at an ACI Concrete Convention and receive feedback from professionals in the industry was invaluable.

- Ann Albright, 2024-2025 ACI Presidents' Fellowship Recipient

Student Scholarships and Fellowships

Through our awards, we have helped over 400 students with educational costs, and bringing them to conventions, where they present their research, connect with industry leaders, and become actively involved in ACI technical committees. With a 90% industry retention rate, this program is building the next generation of leaders. With your support, we can expand student involvement and engagement.

Research Program

Our research program helps to solve industry challenges, equips ACI committees with critical data and **further engages graduate student researchers, helping them connect with the broader ACI community.** Advancing concrete technical knowledge is essential, and more support than ever is needed to continue making meaningful progress and tackling the complex challenges ahead.

YES, I WOULD LIKE TO SUPPORT THE WORK OF THE ACI FOUNDATION

Gift Amount: ☐ \$50 ☐ \$100 ☐ \$250 ☐ \$500 ☐ \$1,000 ☐ Other \$ _____
