

2025 Solicitation of Project Ideas and Problem Statements

SECTION I.

1. Name
2. Email
3. Phone
4. Title
5. Organization
6. Website
7. Submission Date

SECTION II.

1. Are you a member of ACI?
2. Are you an ACI Committee Officer submitting on behalf of an ACI Technical Committee?
3. List the ACI Committee(s) number and name.
4. Was this topic developed by the committee consensus process?
5. Is this topic a top priority for the committee?
6. Does this project affect any ACI Technical Committees?
7. List the ACI Committee(s) number and name.
8. Are you a member of ACI's Technical Advisory Committee (TAC)?
9. Has TAC discussed this need? Is the work urgent? Please provide some details below. You may indicate that this is "unknown" at this point.
10. Are you an ACI Staff member?
11. Is there an ACI Technical Committee that could advise or manage the project? Again, it is ok if this is unknown at this point.
12. Will this project directly impact an ACI Standard (Code or Specification)?
13. Which ACI documents will be impacted by this project? (*select all that apply*)

Code

Specification

Guideline or Report

None of the Above

14. If this project will impact a Code or Specification, indicate the deadline for submission to a code body.
15. If you entered a deadline for this project, please briefly explain why.

SECTION III.

1. Enter a concise title that summarizes your project idea or research need statement.
2. Describe the objective(s).
3. What is the justification for the project or research need?

2025 Solicitation of Project Ideas and Problem Statements

4. Is this work time sensitive?
5. Enter the deadline.
6. Briefly describe any related prior work or research.
7. If known, broadly outline your idea.
8. Who are the project stakeholders?
9. If known, enter an approximate duration of the project. (*months, years, etc.*)
10. If known, enter an approximate cost.
11. Are there potential co-sponsors or co-funders? If yes, who are they and what role(s) are anticipated?
